

Cold Smoked Salmon Recipe

At the request of the New England Provisions Company we have removed an excellent cold smoked salmon recipe listed on their NewEnglandProvisions.com website. We regret that, according to them, our posting of their recipe and a link to it may have caused loss of revenue via Google Analytics.

Please refer to their website for the recipe and details on their products. They no longer offer smoked salmon, which is unfortunate. However, their recipe is still available for a nominal \$3 fee.

With our apologies and best regards,
